

EXPERIENCE

IntuitSolutions

Full-Stack Developer
2016 - Present

Responsibilities: Web design, front-end web development and website maintenance, customer service for e-commerce websites.

At IntuitSolutions, I create and manage various e-commerce websites as well as handle troubleshooting and customer service, including documentation and screen-share walkthroughs, with the company's clients.

Ink-It Digital

Lead Web Designer
2012 - 2016

Responsibilities: Web & graphic design, front-end development and site maintenance.

Created and maintained web sites and other web assets for a wide variety of clients, primarily in CMS environments, as well as managed the websites and other online assets for corporate entity Schiller Grounds Care.

I was also responsible for various customer service activities, ranging from creating documentation on how to update websites to troubleshooting and meeting with clients to discuss projects.

Mirror Image Media & Duplication

Senior Web Designer
2008 - 2012

Responsibilities: Web design, front-end development and site maintenance.

At Mirror Image, I created web sites for a wide variety of clients, including recording artists, restaurants and small businesses.

Always Intense

Freelance Web Designer
2006 - Present

Responsibilities: Web design, front-end development and site maintenance.

Freelance web and graphic design for various clients ranging from writers, recording artists and small businesses.

DMi Partners

Junior Interactive Designer
2005 - 2006

Responsibilities: Front-end development, site maintenance, graphic production, e-mail and banner advertising.

Maintained websites and website assets, banner advertisements and e-mail blasts.

While at DMi, I created Flash ads that were used in an ESPN campaign that garnered both the 2006 Philly Gold and SoFIE awards.
